

Dear Parents,

Welcome to the summer term! We hope you all had a restful and enjoyable holiday.

## TARGETS

We will be sending your child's targets out this week in the front of their new homework books!

## TOPIC

Our new topic this term is 'Global Gardens'. Within this topic we will look at different gardens from around the world such as rainforests, deserts, and polar regions. Along with this the children will be planting and growing vegetables and looking after their own gardens near the classroom. The topic will cover many aspects and subject areas including: English, history, geography, science, PE, design and technology, art, music and RE.

## SCIENCE

Linking with our topic this term we will continue to look at and investigate plants, alongside this, we will also start to look at light and dark.

## PE

The children will now have PE on Monday afternoon where they will be looking at circuit training and measuring the impact that exercise has on our bodies.

The children will continue to have a PE session

Thursday mornings with Coach Chris and the focus for this will be cricket.

## Homework

We will continue to hand out weekly spellings in the normal red books but Maths homework and any other activities will now be in a new homework book. The hand in date for homework will be specified. Please continue to hear your child read at home and help them to learn their times tables.

If you have any problems or any queries at any time please don't hesitate in coming in to see us.

Many thanks for your support.

Yours sincerely,

Mrs Hill and Mrs Ireland
